

Trailrider

Truro Parks and Recreation Department has purchased a one-wheeled vehicle that looks like a cross between a wheelbarrow and a rickshaw to allow people with mobility challenges to explore Victoria Park. The Bible Hill Kinsmen Club paid half of the \$3000 cost. It has a large inflatable tire and two handles each front and back, so that it can be pushed and pulled by friends or family.

Anyone interested in borrowing the Trailrider please contact the Town of Truro Parks and Recreation Department at 893-6078 or recdept@truro.ca
