Town of Truro seeks art from all disciplines for the 2020 Art Acquisition Show

TRURO – Applications are being accepted for the Town of Truro’s upcoming 2020 Art Acquisition Show. The show will be held in April in partnership with the Truro Art Society.

This is an opportunity for visual artists, be they painters, sculptors, carvers, potters, rug hookers, quilters, photographers and others to display their works to the public. As well, one artist will have their work added to the town’s permanent art collection. This year the winning submission prize has increased to \$1500.

Artists are invited to submit up to three works of art each for public display. It’s free to enter.

Information brochures and application forms are available at Douglas Street Recreation Centre, or can be downloaded online at <https://www.truro.ca/parks-rec-culture/1121-art-acquisition-application-2020/file.html>. The deadline for applications is March 20.

The Town launched its Art Acquisition Program in 2006 in an effort to create and maintain a collection of visual art which reflects the unique historic and artistic development of Truro.

The Town of Truro Art Acquisition Show will run from April 7 to 27 at the McCarthy Hall Gallery, NSCC Campus, at 36 Arthur St., Truro.

The public is encouraged to attend the show’s official opening from 4:30 - 6:00pm on April 9. The piece of art selected to be added to the town’s permanent collection will be announced at that time.
