

Town of Truro – Policy & Procedure Manual

Subject: Commercial Signage in the Right of Way
Policy Number: P160-004
Approval Date: January 10, 2005
Departments: Planning & Development

PURPOSE

1. This policy is intended to regulate the content, size, location, and maintenance of third party signs situated on Town owned lands and public right-of-ways and to establish a procedure for the issuance of permits for erecting such a sign. The regulations prescribed herein are meant to ensure that signs erected on Town owned lands and public right-of-ways are governed by a clear approval process that gives Town Staff the ability to refuse signage that: is deemed to be a threat to public safety; obstructs the free movement of pedestrians and vehicles within the right-of-way; or that is deemed to be offensive or inappropriate in terms of content. This policy is also intended to ensure that any provision for third party signs on Town owned land or within public right-of-ways does not allow for their proliferation within the Town, but rather that they be permitted in a controlled, safe, and aesthetically pleasing manner.

2. In this Policy:
 - a) “**Person**” means an individual, association, firm, partnership, incorporated company, corporation, agent or trustee, and the heirs, executor, or other legal representatives of a person.

 - c) “**Third Party Signage**” means a sign advertising or identifying any object, product, place, activity, person, institution, organization, industry, or business not situated on the property where the sign is situated.

- d) “**Public Right-of-Way**” means any street, highway, road, lane, sidewalk, thoroughfare, bridge, square and the curbs, gutters, culverts, and retaining walls in connection therewith owned by the Town of Truro and without restricting the generality of the foregoing, includes any medians, traffic islands, or boulevards to comprise the full width of the right-of-way.
