

**Press Release**

**Tuesday, October 11<sup>th</sup>, 2016**

**Showing off your support for a community project is so easy!**

**Truro** – The Town of Truro has made it to the finals again... This time, we have the opportunity to acquire up to \$50,000 to finance our Skate Park extension project, and/or up to \$100,000 to construct a new home for the Colchester Food bank. Truro needs everybody's help to secure these necessary fundings!

To make this happen, the process is very simple. The voting takes place on the Aviva Community Fund website ([www.avivacommunityfund.org](http://www.avivacommunityfund.org)) on which anyone can create a user account (for free). You can then find our two projects by searching the term "Truro" or "food bank" in the search engine and it's up to you to decide how you will spend your voting points credits between the projects.

*"Our local community has already proven that we can achieve great things during an online voting competition" says Mike Dolter, CAO for the Town. "The massive support that Truro has shown during the One Horse Town contest can prove itself successful once again. The Town has already invested a significant amount of money in these two projects, and this is an excellent opportunity for everyone to help us realize these exciting improvements."*

This online voting competition is open until October 28<sup>th</sup>, and the Town needs everyone in to support our candidacy: it's very easy - if you choose, you only have to vote once!
